## FRIENDSHIP TOURNAMENT 2015

In Bijeljina, from 18th-24th May, was held the second soccer tournament called the Friendship Tournament.

As in the year before the tournament assembled the most representative soccer teams from the region. In the first year of holding the event, boys born in 2000. competed. The FT 2015. raised the age of the participants. We had 16 year old players, born in 1999. competing.

The opportunity to measure their soccer knowledge had the following teams from the region:

Red Star Belgrade, Dinamo Zagreb, Sarajevo, Vardar, Osijek, Buducnost, Vojvodina, Sloboda Tuzla, Partizan, Rijeka, Velez, Zagreb, OFK Beograd, Zeljeznicar, Sutjeska, Napredak.

As it can be seen the teams participating are the most popular and successful in the region and they marked the history of football on these territories and will probably do so in the future.

16 teams were divided in 4 groups and the matches were played on 4 stadiums in Bijeljina and around. The winners of the groups played the semifinal matches and these were: Partizan-Vojvodina and Dinamo-Red Star. Both matches finished with the same score 1:0, with Vojvodina beating Partizan and Red Star winning the game over Dinamo.

In the final match Red Star won the tournament by winning the game with Vojvodina with a score 1:0

Its important to notice that all matches were played with remarkable effort and energy, but respecting the rival and fair play.

## TV BROADCASTING

Big attraction for all of the participants competing and also for the fans of these teams was the direct broadcasting of 4 matches everyday on the regions most popular and viewed sport channel Sportklub. We got the rating results that for example these matches had better ratings and share than the matches of Spanish Primera. This tells us a lot about the big interest in the region for these kind of tournaments and competitions.
